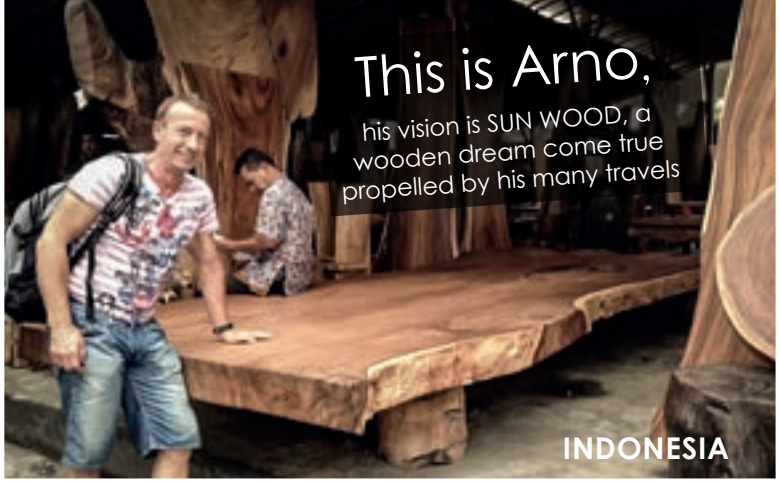
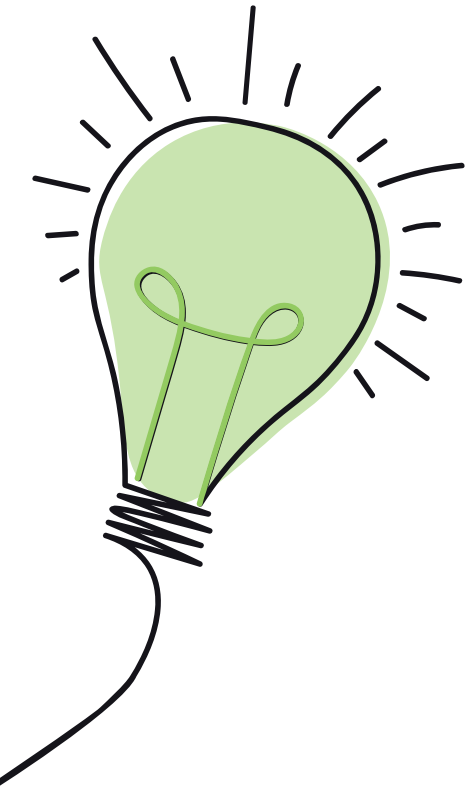
SUN WOOD STAINER

DEVELOPED TO KEEP

www.stainer-sunwood.com





"TRAVELLING – IT LEAVES YOU SPEECHLESS, THEN TURNS YOU INTO A STORYTELLER"

Ibn Battuta - Moroccan scholar

My travels tell the story of the different types of wood that crossed my path. Ancient boards, colourful boats and gigantic tabletops, all of which made from timber. I was seized by a new passion.

Today we own several hundred precious wood panels from every corner of the earth. We display these masterpieces in our showroom and we also reproduce them in countless variants in our factory.

An idea unfolds …

Arno Stainer

HOW SUN WOOD WORKS

1. We collect the most beautiful timber from around the world
2. We digitalize its pattern with our in-house 3D scanner
3. We work the surface of the wood by hand to create the natural appearance and wooden touch
4. You select your favourite model and we will refine it by a combined coating and printing technique with your unique design

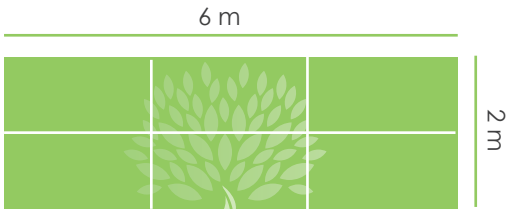
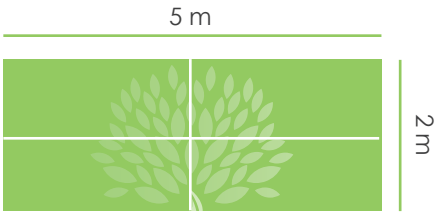
All 3-layer panel models are now also available as SUN WOOD´s compact formats.

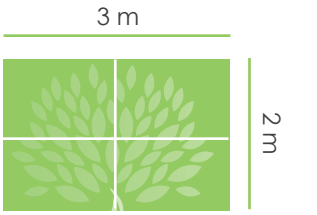
This system enables easy handling, coming with low transport costs.
You will get a continuous design, which can represent a panel up to 6 x 2m.



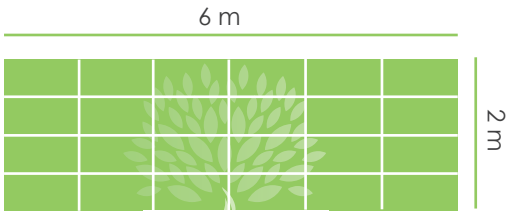
6 pieces á 1990 x 1020 mm



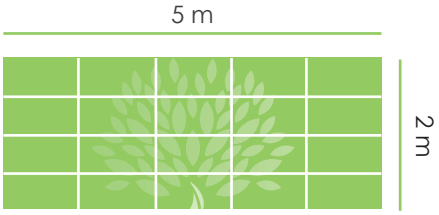
4 pieces á 2490 x 1020 mm



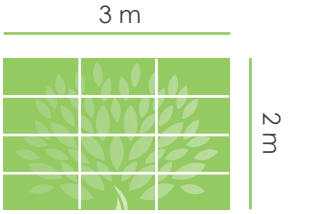
4 pieces á 1490 x 1020 mm



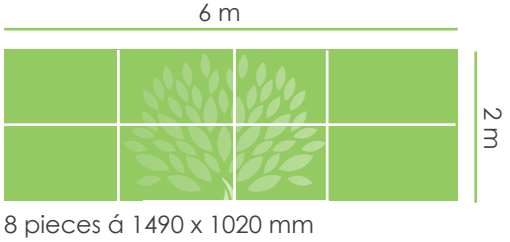
24 pieces á 990 x 495 mm



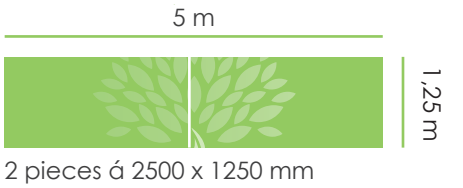
20 pieces á 990 x 495 mm



12 pieces á 990 x 495 mm



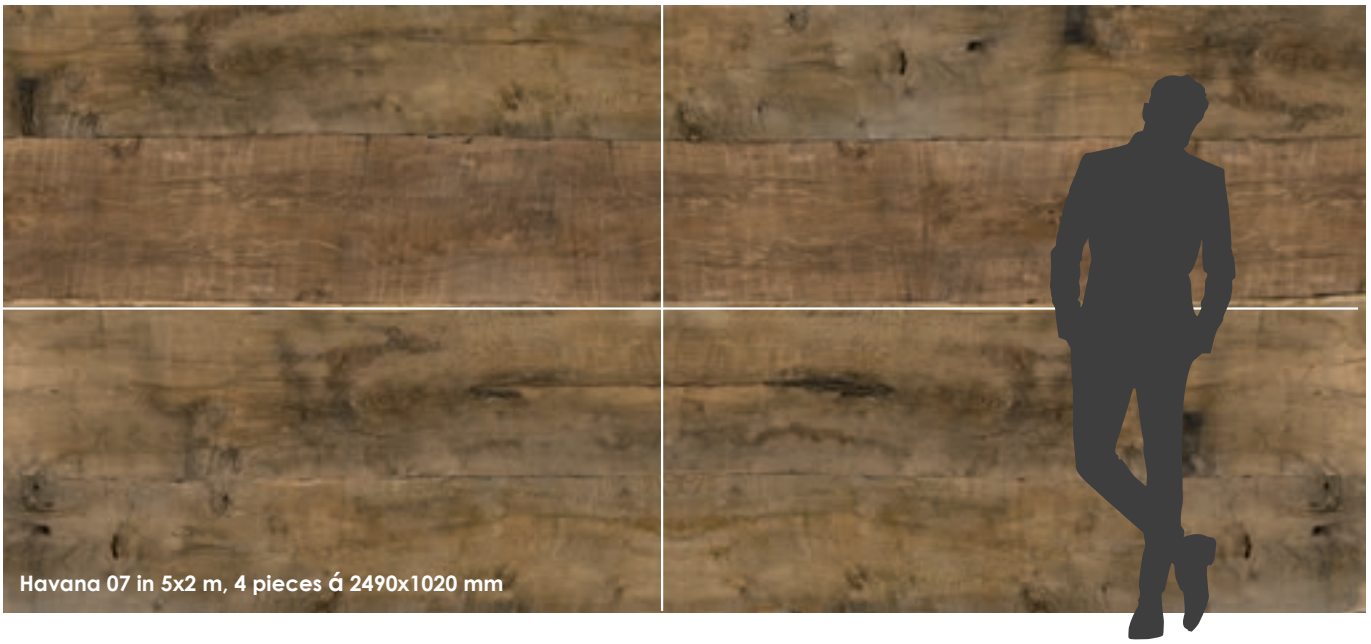
8 pieces á 1490 x 1020 mm



2 pieces á 2500 x 1250 mm

Other formats upon request.

SUN WOOD Compact for a consistent design up to 6 m length

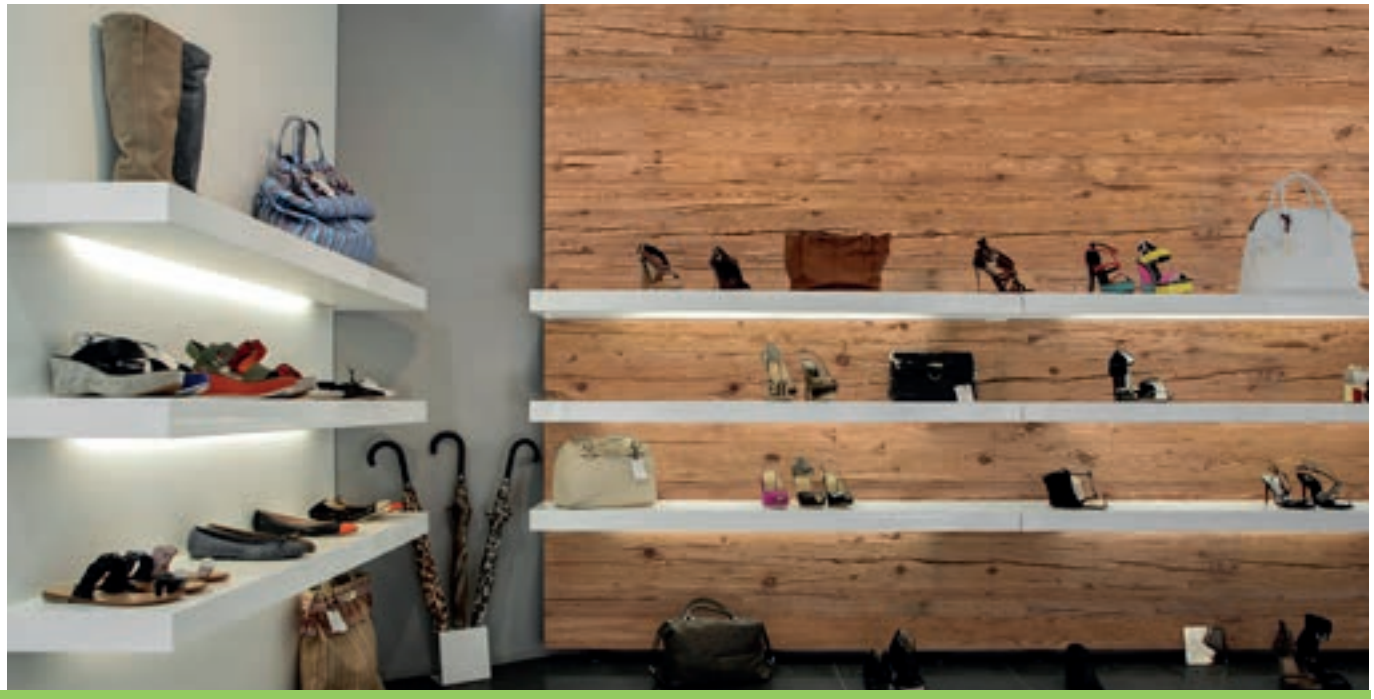


Havana 07 in 5x2 m, 4 pieces á 2490x1020 mm

SUN WOOD Compact small formats – many possibilities & low transport costs
19 mm spruce 3-layer panel brushed and chipped. As an option 6 mm plywood brushed.

- Small formats – cost-effective shipping
- Fast delivery time (all models possible)
- Minimum order quantity 6 m^2
- Fire protection and sauna panel also available
- Quick installation (all parts come with a number on the back)
- 4-sided groove and separate tongue (optional)

PROFILE BOARDS – CONTOURED & CHIPPED



All our SUN WOOD models are available as profile boards for the wall

- Surface brushed and chipped
- 4-sided groove and tongue
- 3-layer panel 19mm (spruce)
- Almost no cracks nor distortion
- Recyclable, ecologically harmless
- natural product – manufactured in Austria

Available format:

Dimension per board: 2350 x 280 x19 mm
Cover size per board: 2340 x 270 mm
Boards per package: 5 pieces
Coverage per package: 3,16 m^2

WALL COVERING “STICK IT“

Is a smart and affordable alternative to our profile boards. Cover walls, ceilings, furniture and doors efficiently. There are no limits to your creativity.

Excellent for interior design, shopfitting, trade fair booths and your home, of course. Each SUN WOOD model is also available as Stick it.

- 6 mm plywood panel
- Slightly-brushed surface
- Double-sided tape on backside
- Easy to fit – no additional glue needed
- Cuttable with a Stanley knife
- Ideal for smooth surfaces
- Available with blackboard lacquer (single units)

PULL IT OFF – STICK IT ON – DONE!

Available format:

800 x 200 mm
Package content: 10 pieces á 1,6 m^2

Covered with blackboard lacquer to write on it with chalk

3-LAYER PANELS FOR FLOORING

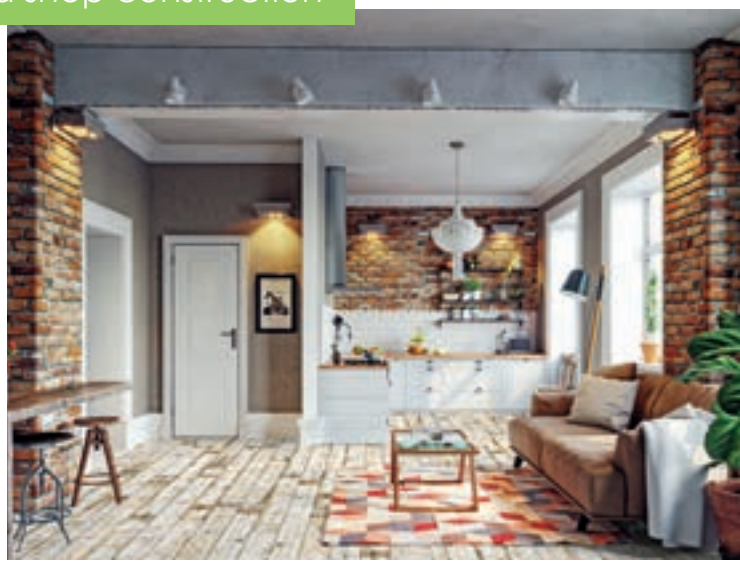
For simple and straightforward installation, we now offer 3-layer panels with protective varnish for the floor.

- Brushed and matt-lacquered surface
- 4-sided groove and separate tongue
- 3-layer panel 19mm (spruce)
- Skirting boards from 16 x 40 mm to 2700 mm
- Protective varnish keeps natural appearance and wooden touch
- Anti-slip class R9 (according to BGD 181 and DIN 51130) available on request
- Lacquer certificate: EN71-3 (surface from toys. No heavy metals, no formaldehyde)

On request also available in anti-slip class R9 according to BGD 181 and DIN 51130

- Natural product manufactured in Austria
- Suitable for underfloor heating

Panels up to 6 x 2 m ideal for fair- event- and shop construction



Available formats:

6000 x 2050/1020 mm	2500 x 1250 mm
5000 x 2050/1020 mm	2490 x 1020 mm
5000 x 1250 mm	1990 x 1020 mm
2990 x 2050/1020 mm	

PRECIOUS RECLAIMED WOOD TABLES

All our wooden tables consist of solid 3-layer timber panels. Brushed tabletops from SUN WOOD are made of domestic spruce.

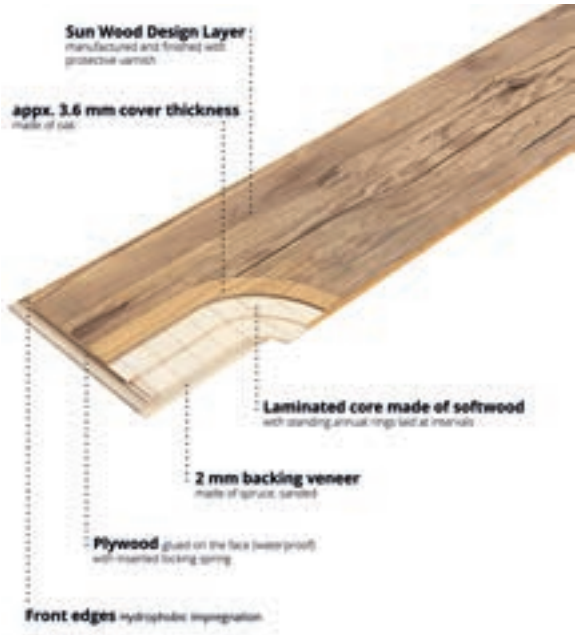
Design Parquet

Is a parquet floor with a modern flair – a natural product made in Austria. Get your genuine oak parquet with a SUN WOOD designer finish. Parquet is the perfect complement to walls, ceilings, tables and furniture of SUN WOOD.

- Approx. 3.6 mm solid oak flooring
- Genuine oak parquet with print-on SUN WOOD design and protective lacquer
- Click system - easy to install
- Suitable for underfloor heating
- Full-surface bonding and floating installation
- Free of emission and allergy-friendly protective varnish
- Format: 14 x 222 x 2200 mm (0.4884 m²)
- Package size - 6 planks (2.93 m²)



TECHNICAL DETAILS	
PRODUCT	Multilayered parquet in three-layer construction, manufactured in accordance with EN 13489 „Multilayered flooring“, front edge impregnation
SURFACE	Our UV coatings are solvent- and emission-free, have 100% solids content and anti-scratch protection to prevent fine scratches in the finish, and made of such tough elastic that slight impressions in the wood cause no damage to the finish. The matt gloss level has 9 ± 2 gloss degrees.
FIRE RATING	C_{fe} - s1 for full-surface bonding, otherwise D_{fe} - s1
UNDERFLOOR HEATING	Suitable, R_T = 0.101 m² K/W, please see our leaflet on underfloor heating system installation, DIN EN 1264
APPLICATION RANGE	Floor and walls, residential and commercial areas (conform to the highest use class C in accordance with ÖNORM C2354), DIN EN 14342
WET ROOMS	Not suitable for damp rooms, bathrooms, etc.
ABRASION CLASS	„FALLING SAND“ METHOD - about 2,000 rotations
FURTHER FORMATS	1000 x 90 x 11 mm | 500 x 70 x 11 mm | 740 x 140 x 9,8 mm - 45°
