About us

Based in Houston, TX, Grad Concept inc is the sole North American subsidiary of the BURGER & CIE group (France) that has been in existence since 1847. The grad brand is the newest addition to the group's product portfolio and has been introduced in the USA over the last three years thanks to unique collaborations with specialist companies such as Woodhaven – KS, Kebony NA – MI, Thermory USA – IL, or Moso NA – PA.

Ceiling: Pic Credit – RSE – USA & Carpentier Hardwood
Solution – BE

Mini Rails & Start Rails

For **horizontal** or **vertical** applications

Place rails directly on flat and regular concrete floors or ceilings, walls, battens or joists

- Fixing points every 10" with Mini Rails, every 20" with Start Rails
- Non load bearing
- Length of rails: up to 6.5'
- Clips are pre-fastened on the rails

Specially-grooved surface materials such as boards made out of wood, bamboo, or aluminum are snapped on top of the clips to create slat walls and ceilings

- Only approved surface materials can be used with grad™
- Uses boards from 2" up to 8" wide (nominal)
- The use of a mix of boards with one rail is possible
- Open-joint or shiplap style boards can be used

Benefits

Installation:

- Fast & easy
- Accurate
- Gap sizes are even
- Boards are straight
- Take the pain away
- No maintenance

Design:

- Smooth and elegant finish
- Increase the details
- Create zones
- Help reduce sound transfer between adjacent spaces
- Durable

Sustainability:

- The rails are made of up to 80% recycled aluminum
- Whenever possible recycled POM is used
- Aluminum and POM are 100% recycle

The little extra:

- With Start Rails, boards can be removed and updated one at a time
